

Appl. No. : **10/796,609**
Filed : **March 9, 2004**

SUMMARY OF INTERVIEW

Attendees, Date and Type of Interview

The telephonic interview was conducted on November 21, 2007 and attended by Examiner Tiffany Webb and Applicants' representatives Michael Guiliana and Nathan Smith.

Exhibits and/or Demonstrations

None.

Identification of Claims Discussed

Claim 1.

Identification of Prior Art Discussed

U.S. Patent No. 4,798,400, issued to Kosuge (hereinafter "Kosuge '400") and U.S. Patent No. 4,773,675, issued to Kosuge (hereinafter "Kosuge '675").

Proposed Amendments

Amendment to Claim 1 to further recite that "the detachably affixed frame portion extending adjacent to an upper portion of the prime mover."

Principal Arguments and Other Matters

Applicants' representatives submitted that the proposed amendment would overcome the Kosuge '400 and Kosuge '675 references.

Results of Interview

Examiner Webb agreed that the proposed amendment would overcome the Kosuge '400 and Kosuge '675 references.
